Materials Needed

Bring some examples of any collages you've done, any materials you already use, and new ideas for an open class discussion. If collage is new to you, bring in magazines with pictures, fabrics, photographs, utility knife, scissors, brushes, mat boards, and any adhesives you might have. I'll have some adhesives so you can experiment. Class begins with a PowerPoint covering the various types of materials that artists are using nowadays in mixed media projects, and the problems they face with installing and exhibiting their works.
