The following materials will be used by the instructor over the six weeks of the course. If you are unsure about purchasing any of these materials, just wait and see how they are used. For the first exercise you will need a set of pencils in a broad range and Bristol paper.

Conventional pencils. If you have a set of pencils make sure that you have a range from hard to soft. Have at least eight grades 3H through 6B. More grades outside those ranges will give you greater options and versatility.

The following Brand is recommended for superior performance:

*Staedtler Mars Lumograph* Graphite Pencils - 2B/HB through the H range

*Staedtler Mars Lumograph* Black Pencils - HB through 6B or higher

Water soluble pencils and sticks. There are many brands on the market. All are good.

*Lyra, Cretacolor, Caran d'Ache, Faber-Castell*

Powdered Graphite. You will not need to purchase this, as we will make our own.

Other Materials to be shown through demonstration.

*ARTGRAF - Watercolour Graphite*

*ARTGRAF - No1 Graphite Putty*

If you are entering the passcode correctly and it is not being accepted as valid, try clearing your internet browsing history and restarting your device before re-entering it. Students having continued difficulty accessing Zoom due to issues with their device or internet connection, may wish to use an alternate device, such as a smartphone, to enter a particular day's session.
